Education scores:

- In hsc_p from **Q1 to Q2, 25% increase** shows **4% increment** in index value number. **From Q2 to Q3, 25% increase** shows **8% increase** in index value number. **From Q3 to 99th, 24% increase** shows **18% increase** in index value number. **From 99th to Q4, 1% rise shows 6% increase** in index value number.
- In degree_p from **Q1 to Q2, 25% increase** shows **5% increment** in index value number. **From Q2 to Q3, 25% increase** shows **6% increase** in index value number. **From Q3 to 99th, 24% increase** shows **11% increase** in index value number. **From 99th to Q4, 1% rise shows 7% increase** in index value number.
- In etest_p from **Q1 to Q2, 25% increase** shows **11% increment** in index value number. **From Q2 to Q3, 25% increase** shows **12% increase** in index value number. **From Q3 to 99th, 24% increase** shows **14% increase** in index value number. **From 99th to Q4, 1% rise shows 1% increase** in index value number.
- In mba_p from **Q1 to Q2, 25% increase** shows **4% increment** in index value number. **From Q2 to Q3, 25% increase** shows **4% increase** in index value number. **From Q3 to 99th, 24% increase** shows **10% increase** in index value number. **From 99th to Q4, 1% rise shows 1% increase** in index value number.

Salary:

- We could see that almost **50%** of the **student's salary** is **below average salary of 2,88,655**.
- There is not much deviation between the mean and median, so **noise due to outliers is less**.
- From **Q3 TO Q4**, the salary has become 3X reaching max of **9,40,000** as we could see 10-20% increment in education scores.
